

2011 Iron Butt Rally, Day 3
Wednesday, June 22, 2011

First Call-In Bonus Day

As far as we know, all riders are doing okay as of the end of Day 3. All 87 riders successfully made their Call-In bonus. (This is an Iron Butt Rally first.)

Some of the routes being taken are unexpected, to say the least. Several riders have elected to document their visits to states we were expecting riders to visit on leg 3, such as Nevada, Utah, and Colorado. It was made clear at the pre-rally banquet that the capitals for these states would not be available until leg 3. Yet one rider, BB Neely, didn't just dip into Colorado, he rode all the way to the capital even though there are no bonus points for Denver until leg 3. A message BB left during his Call-In bonus may explain the problem: "You know you're confused when you go to pee and you can't find the fly on your LD Comforts because you've got them on backwards."

Call-In Bonus Detail

Things got started a little bit earlier than expected on the Call-In Bonus for Leg 1. The bonus listing indicates that the bonus is available from noon to 11:59:59 p.m. on June 22nd. The fact that the time window is in the Pacific time zone was underlined on the bonus listing. Nevertheless, Pat Clark left his first message at 11:51 a.m. Fortunately, over 3 hours later, he somehow figured out that he was early and made another call within the window.

Here is the full run down with the riders listed in alphabetical order:

Steve Aikens was in Norwood, Iowa, and headed for Nebraska at 1:10 pm.

Kathleen Allen was in Lincoln, Nebraska, and headed for Topeka, Kansas, at 8:56 pm.

Tomorrow

Thursday is another travel day for me, but I will post a brief update on the day's activities not later than Friday morning.
