

IRON BUTT

RALLY 2017

11 DAYS 11,000 MILES

2017 Iron Butt Rally

North American Safari

The 2017 Iron Butt Rally (IBR) is designed to lead you on a photo safari of North America's iconic animals, both real and imagined. Armed with only your camera and motorcycle, you will roam the wilds in search of these elusive creatures. Fortunately, all of the target creatures are sedentary and quite unlikely to run onto the road.

In this catalog, you will find data on different beasts to hunt. Your goal is to capture a photo and escape before they turn on you.

The animals in the rally book are divided into five categories for your sorting enjoyment:

Air

These majestic birds and insects capture our imagination with their ability to soar above it all and see the world from a different perspective.

Land

From iconic images of native bison to fearsome predators to pets, land animals are symbols of nature, strength, and companionship.

Water

Creatures of ocean, lake, river, and stream, these animals provide food, sport, and in some cases provoke visceral fear.

Prehistoric

Eons ago, giants roamed these lands. You can still find their remnants today if you know where to look.

Mythical

Born of our imagination, whimsy, or a need to explain the unknown, these creatures popped up throughout history. Search out representations of those fanciful ideas.

This keepsake booklet identifies each of the 328 different creature bonuses available on your safari and provides specific directions to document each bonus. Bonus codes are listed alphabetically. Points and leg-specific instructions will be in the Leg Bonus Packs.

Enjoy the adventure!

Bonus Information

This book describes the bonus locations available in the 2017 Iron Butt Rally. Each bonus entry provides the following information:

- Bonus Code
- Bonus Name
- Street address or nearest intersection/cross-street
- City and State/Province
- GPS coordinates in degrees decimal rounded to the nearest 0.0001 degree
- Available hours
- Bonus requirements in *italic type*
- Bonus description including important notes as needed
- A photo of the bonus object

Bonus point values and instructions will be handed out for each leg according to the following schedule:

- Leg 1: Sunday evening, June 25, 2017 during the Opening Banquet
- Leg 2: Thursday morning, June 29, 2017 at 4 A.M. CDT
- Leg 3: Sunday morning, July 2 at 4 A.M. CDT

WARNING: DO NOT LEAVE ON A LEG UNTIL YOU HAVE VERIFIED THAT ALL PAPERWORK IS IN YOUR RALLY PACKAGE FOR THAT LEG. EACH PAGE IS NUMBERED. THIS IS YOUR RESPONSIBILITY.

CRITICAL: Please be respectful when placing your flag in photos. Private property and priceless museum pieces must not be used as your flag support.

This bonus listing is like a restaurant menu. If you order everything on the menu and eat it, you are going to get sick and perhaps die. Please choose bonus destinations carefully.

All times are local unless otherwise specified.

Unless otherwise specified, rally ID flags are required in all photos.

To earn any bonus, you **MUST** claim it on the Claimed Bonuses form. This includes Rest bonuses, Call-In bonuses, and Tracking bonuses. If you lose the Claimed Bonuses form, you will earn no bonus points for the leg.

Info on Call-In and Rest bonuses as well as the Checkpoints is at the back of this book.

In the eighties, beer-chugging goat Clay Henry, much loved in nearby Lajitas for increasing tourism, got elected mayor. All you had to do was put an open bottle in Clay's mouth. He knew how to chug it for himself. Clay Henry Sr. was known to drink as many as 35-40 beers a day. He was killed by his son and then-current goat mayor Clay Henry, Jr. in a drunken rutting season brawl over a female.

In 1999, the Iron Butt Rally visited Lajitas. Riders were asked to buy and provide a beer to Clay Henry in exchange for bonus points. So of course we're sending you back there. You won't find a beer drinking goat in Lajitas anymore but you will find Clay's stuffed carcass up the road in Terlingua's Starlight Theatre.

24 Hours

Take a photo of the statue of Shep in downtown Ft. Benton.

The story of Old Shep is a powerful one for any dog lover. In the summer of 1936, a sheep herder fell ill and headed to Fort Benton for treatment. His dog, Shep, came along. When the herder died a few days later, his body was crated and sent back east to relatives. Shep followed the box to the Fort Benton train depot, and watched as his master was put on board and taken away. He followed the train a short way, then came back to the station. For the next five and a half years, Shep maintained a vigil at the station, greeting the four trains that arrived each day, waiting for his master to return. Eventually, tragedy struck. On January 12, 1942, an arthritic and deaf Shep failed to hear the 10:17, then slipped on an icy rail trying to get away. Shep's obituary was carried by the major wire services, and his funeral two days later was attended by hundreds. Shep is buried on a bluff above town.

Sterling, MA is one of two towns that claim boasting rights to the children's poem "Mary Had a Little Lamb". This lamb statue was erected to celebrate the birthplace of Mary Sawyer. In 1815, young Mary was followed to Sterling's schoolhouse by her pet lamb. Her classmate, John Roulston, wrote a poem; what are now known as the first 12 lines of the poem. Poetess Sarah Josepha Hale of Newport, NH added the second 12 lines and published the poem in 1830. As a point of honor, the town of Sterling maintains that the first three stanzas of Roulston's poem were "lifted" by Hale from the Sterling kids verse.

A can of Moxie, the official state soda, rests on the bronze base supporting the statue and a leaping landlocked salmon, the official fish, jumps away from the moose's front hoof. Other emblems represented around the base of the statue are the official state dessert (blueberry pie), treat (whoopie pie), flower (pine cone and tassel), insect (honeybee), fossil (pertica quadrifaria), herb (wintergreen) and mineral (tourmaline), which is surrounded by a ring of nautical rope.

Daylight Hours Only - Gravel Road Access

Take a photo of the "Devils Hole Overlook" sign on the barrier fence.

The Devils Hole pupfish (*Cyprinodon diabolis*) is a species of fish native to Devils Hole, a geothermal aquifer-fed pool within a limestone cavern, in the Ash Meadows National Wildlife Refuge east of Death Valley. It has been described as the world's rarest fish, with a population of fewer than 200 since 2005. The entire habitat for this species is contained within a pool inside the fenced area at the site.

You will need to park your bike and walk the last 1000' feet or so to the site.

WARNING: Unpaved road with loose and deep gravel. We recommend approaching this location from the west off of NV-373. Approach from the northeast may require 4WD and high clearance.
