

SBR/JBR Results

Congratulations to all the riders for their great riding, including our two DNF teams that made a valiant effort to pull off Finisher status. The top finishing JBR team of Scott Durham and Herakles Boardman took home no-draw entries to the 2023 Iron Butt Rally. The highest finishing non-IBR Finisher in the SBR was Lionel Ramos. He will be using his no-draw 2023 IBR entry to try to complete some unfinished business from 2021.

More final comments and analysis regarding all the riders will be forthcoming in the Epilog report in a few days. The definition of "few" is not yet clear to me. A great time was had by all at the Big As Texas Ride-a-Palooza banquet on Saturday night where the news was revealed that the same series of events will be repeated in 2022 at roughly the same dates and hopefully the same location. In addition, the BAT Ride-a-Palooza will once again offer "Ride-in" IBA certificates and will serve as the finale of the Memorial Series of rides that has traditionally taken place in that time slot. As soon as the details are worked out, we will post them so you can make your plans to be with us in 2022.

Thank to everyone that participated, volunteered, and cheer-on the riders in 2021 !!!
